

A PLEASANT RECEPTION.

Given in Honor of Returned Kapaemahu Last Night.

A very delightful reception was given at the residence of Mrs. E. B. Waterhouse on Wyllie avenue last evening. The spacious rooms and parlors were filled with guests, nearly two hundred and fifty people being present. The decorations were beautifully arranged and in excellent taste. Fine music and a light refreshment served by Caterer Jas. Steiner added to the success of the evening.

To Dispose of Garbage.

A pamphlet which deserves the attention of persons interested in the judicious and economical disposal of garbage and refuse is the "Prospectus of the Thackeray Incinerating Company," which comes from the Hawaiian Gazette print. This company claims to make the only incinerator in use in the United States which consumes garbage and refuse completely, leaving only a clean ash and a metallic clinker, without the aid of fuel. The objection to other garbage incinerators has been the great expense of the fuel they demanded; but in this case neither coal, wood, nor even gas is used, the garbage itself forming the fuel. It is claimed that there are neither noxious odors in the neighborhood of the works nor harmful qualities in the residuum, which can be used for filling purposes, and the company refers to San Francisco for confirmation of its assertions.

Not so Many Fevers.

Fevers are less prevalent in the city than they were a few weeks ago. The cleansing of the city, the recent rains, and the persistent enforcement of sanitary ideas in unhealthy localities and filthy yards, are held to be responsible for the improvement. Consumption is still rampant, as the death list for April will show; but this is not the case with pneumonia.

Kohala-Hilo Road.

H. B. Gehr arrived in Honolulu from Hilo by the Kinau for the purpose of presenting to the government the survey made of the first section of the Kohala-Hilo railway. When the survey is accepted by the government contracts for grading will be let.

Coptic Mail.

The Coptic leaves for San Francisco this afternoon at 3 o'clock. The mail closes at 1:30. But few passengers can be accommodated.

We wish to inform our patrons that we will not be deterred from pushing forward as rapidly as possible the construction of our electric railway and other improvements upon Pacific Heights by reason of a suit recently begun against former owners. The development and sale of Pacific Heights lots will go on unrestrained and parties seeking choice residence locations will find this a perfect property with an absolutely perfect title.

Ladies' Hose

We have placed on sale this week a line of LADIES' FAST
BLACK HEMSDORF DYED HOSE, received direct from the fac-
tory in Germany (thus avoiding the American duty), which we are
offering at the very low price of six pairs for \$1.00. Now this is an
opportunity not often offered for ladies to supply themselves with a
good staple article of every day use at such a very low price. We
do not claim them to be the finest, but a good strong article of ab-
solutely fast dye.

In addition to the above we have our usual complete line of
LADIES' AND GENT'S, MISSES AND CHILDREN'S **HOSIERY**
Which have their own established reputation.

We have just received a small choice line of

Genuine Scotch Zephyrs.

Now we do not advertise these as cheap goods at all, but just the
kind a lady would select to make a gown of that which she would
look stylish in, but that would stand the kind of laundering it would
receive here.

A small and carefully selected lot of Printed Pure IRISH LINEN
LAWNS in neat and modest designs and colorings, twelve-yard
lengths, which we are offering at just about half the price that they
will have to be sold for when imported under the American tariff
laws.

Of course all ladies know of the great durability of Irish Linen
and its delightful coolness, and here where we use wash goods the
year around it pays to buy a good article that one can feel justified
in expending the time and money necessary in making up in a man-
ner that one would not on a cheap article that one would have to
cast aside after the first laundering. For trimmings these same goods
we have a very complete assortment to choose from, of Embroideries
of all kinds, CAMBRIC, NAINSOOK and SWISS EDGINGS and IN-
SERTIONS, and All-overs and Laces of every description. These all
imported by us direct from Europe in bond.

Just received direct from the factories at Troy, N. Y., a splendid
line of GENTS' SHIRTS, in dress, colored and negligee. In buying
these shirts we have exercised the greatest care, first as to their fit
and correctness of style, and in case of the colored ones in the very
exacting manner of our examination in regard to their fastness of
color, we doing our best to satisfy ourselves that we were getting
but absolutely fast colors in these shirts, and hope we have suc-
ceeded. Call and see them and the line of Gents' FURNISHINGS
and UNDERWEAR we carry.

To housekeepers who might require them in a hurry, we wish to
state that we have SHEETS and PILLOWCASES, ready made in all
sizes and qualities and at prices we think will be satisfactory.
